CO-ORDINATING COMMITTEE

EXPORT OF ELECTRONIC EQUIPMENT TO THE

SOVIET ZONE OF GERMANY

Memorandum by the United Kingdom Delegation

The United Kingdom authorities have been asked to approve the export to East Germany of 10 Klystrons, type K.345.C which are required for servicing Radio Links KTR 1000, operated by the Deutsche Fernschfunk (German Television) service.

2. These Klystrons are covered by the definition of Item 1558 and the total value is \$2,380.
3. It is considered that the quantity required is reasonable for the stated purpose and that diversion to military purposes is unlikely and that in any case it would be unimportant.
4. Her Majesty's Government accordingly submit this request under the provisions of paragraph (b) of Annex B to COCOM DOCUMENT 1473 and would be grateful for the views of Member Governments by June 29.
